

Ocu-GLO RxTM Gelcaps have a new look!

The outer flavor coating of each Gelcap has been removed, as it tempted dogs to chew the Gelcaps instead of swallowing them whole.

The Gelcaps are now smooth, shiny, and more easily swallowed - just like capsules of prescription drugs.

The same high quality ingredients your dog relies on for support of optimal vision health are still sealed inside.

See our tips on the reverse side, for ways to make giving Ocu-GLO Rx to your pet an easy and convenient daily routine!

Ocu-GLO RxTM
Vision Supplement
CANINE EYE HEALTH...NATURALLY
